VIABUY

From Browser to Pocket—Seamless Banking, Anywhere

How K&C rebuilt VIABUY's fintech platform for mobile-first users—in record time and budget.

About VIABUY

PPRO, the global e-payments specialist behind VIABUY, offers digital financial services to over a million users. To support its continued mobile-first strategy, the fintech provider needed a secure, feature-rich mobile app that replicates the full functionality of its web platform. For this, PPRO turned to K&C—trusted for our expertise in banking apps and over two decades of experience delivering complex web and mobile solutions.

React Native, custom native modules, iOS & Android SDKs

Challenge

- Recreate VIABUY's full web functionality in a mobile app—cross-platform.
- Deliver an intuitive and **secure user experience**, including biometric authentication.
- **Ensure seamless handling** of core features like account creation, card activation, balance checking, and transaction history.
- Need for a **cost efficient solution** with quality
- Fast Time-to-market

Solution

- Developed **a fully cross-platform mobile application** using React Native.
- Extended the React Native framework with custom **native modules**, including fingerprint authentication for enhanced security.
- **Delivered key features** like instant card loading, transaction history, and in-app card activation.
- Delivered the project on a **fixed-price basis**, meeting both time and budget commitments.

K&C

Success Story

K&C transformed VIABUY's web banking experience into a sleek, secure mobile app available on both iOS and Android. Within a clearly scoped and fixed-price contract, we delivered a high-performance fintech application packed with critical features like biometric login, transaction history, card management, and real-time balance checks. The result: a powerful tool that empowers users to manage their finances on the go—securely and effortlessly.

Why K&C?

Proven Fintech Expertise: With extensive experience in banking and e-payment platforms, K&C is trusted by financial service providers for secure and compliant mobile development.

React Native Specialists: Our team leveraged the full potential of React Native, extending it where necessary for native performance and smooth UX.

Fixed-Price Reliability: K&C delivered the entire app within a fixed budget and deadline—providing predictability without compromising on functionality or quality.

About Krusche & Company
